Gwalior City—River View. Gwalior includes the northern town on the site of the ancient city at the foot of the celebrated fortress of that name and Lashkar the real capital, situated 2 miles to the south. The old city is now desolate and dilapidated, with deserted mosques and ruined tombs.

Dearest Mother.

Gwalior City belongs to a very rich native, a Maharajah; he has given any amount of money for Hospitals, Red Cross work, & motor ambulances &c. &c. Hope you are getting on well with your lessons: When is Mother going to teach you some Geography. I used to find it very interesting, & hope you will like it too, & some day visit all these interesting countries you will hear about. Lots of love  
Your loving Dad.
